✓ With over 2,000 hours of supervised clinical placements in

584.92 ISB.88.8(3) For 2,000 hours 201.92 ISseas. J.E. 9 J73.27 nities in rural Auswe. 2equipp(r)5 (u'lork e ski.02 (ett)1. Ftr)5 (Jwr209 J73.

Experience has no substitute

Gain extensive training in a wide range of subjects including:

- Health and health care in Australia
- Dental science
- Simulated clinical dentistry
- Rural and remote primary and public health care
- Health professional research.
- Clinical practice.

Your comprehensive understanding of the issues facing modern health

“One of the big reasons I chose to become a health professional

“JCU has a comprehensive program of dentistry study. It involves four years at the Dentistry School and dental clinic in Cairns, and a fifth year on placements at sites across Queensland and the Northern Territory and Tasmania. This extensive practical experience produces graduates who are equipped to excel in the dental profession. It is not only the number of hours, but also the range and complexity of cases our students will manage with the support of experienced clinicians. Add to this the state-of-the-art facilities sitting at the edge of a tropical rainforest, and you have a wonderful place to study dentistry.”

Professor John Abbott
